Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	I would like to support this application, I feel that this is a low noise , low traffic use for this building . It also provides a unique environment t for people of all ages to cost effectively improve their health. I am sure that the business will help to attract other new business to the estate and promote business between tenants , I have already found companies to work with. Traffic is minimal with most walking ! Please approve this great use of local buildings .

Kind regards
