Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	I feel this development will create further traffic and pollution in an area already congested at peak times. It is becoming more and more difficult to access gp and dental appointments within Horsham and this will put a greater strain on those already serving the community. School places are already at a premium. This is quite apart from the effect on the physical and mental health of residents. The proposed development is in an area

enjoyed by many walking their dogs and generally engaging with nature, something that is known to benefit both physical and mental health.

And what about nature, the animals that will lose their homes with ever decreasing places to move onto, and the flora and fauna, both that will be lost for ever.

Kind regards
