Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Venters court has been in my family for over 40 years. The development that is being proposed will dramatically impact my privacy, my ability to enter into my home off of the private drive. It will also negatively impact significantly the value of my home. It will have a significant impact on the wildlife and the solitude and peace that is part of why people choose to live in this mostly rural area. The private drive is already under considerable usage and any further development would make it impossible to exit my home and potentially create a Hazard. People live in this area in order to enjoy the peace and solitude of the countryside. This type of overdevelopment is what is ruining the local area. The fact that the main home on this property is a listed building and by adding development around it would destroy and

diminish the importance of this historical main home at Venters. I object to this development via mentally, and will do everything in my power too stop this and disapprove of it 100%.

[REDACTED]

Kind regards
