Date: 30/12/2025

1 The tree work to which this consent relates shall be carried out within two calendar years of the date of this consent.

Reason: To enable the Local Planning Authority to review the need for the works in the event of this consent not being implemented.

2 The applicant/landowner shall within a period of six months following the felling of the trees, the subject of this application, plant the same number of replacement trees of a species and maturity and in positions approved by the Local Planning Authority. In the event that any of these trees should die following planting, they shall be replaced with similar trees in similar positions within six months of the death of each specimen.

Reason: In the interest of amenity.

Note to Applicant

The applicant is strongly advised to ensure that the contractor carrying out the work is made aware of the above conditions. Should the works carried out exceed that which is permitted then it may be open to the Local Planning Authority to take prosecution action against any person who has caused or permitted this. If the applicant is unclear about any aspect of the specification for works, they are strongly advised to contact the Council's Arboricultural Officer on 01403 215515 prior to the commencement of the works.

Note to Applicant
The applicants attention is drawn to the provisions of both the Wildlife and Countryside Act 1981, and the Countryside & Rights of Way Act 2000. Under the 2000 Act, it is an offence both to intentionally or recklessly destroy a bat roost, regardless of whether the bat is in the roost at the time of inspection. All trees should therefore be thoroughly checked for the existence of bat roosts prior to any works taking place. If in doubt, the applicant is advised to contact the Bat Conservation Trust at Quadrant House, 250 Kennington Lane, London, SE11 5RD. Details: Tel: 0345 1300 228; E-mail: enquiries@bats.org.uk
