Comments:	Having received this planning notice through the post, and on further inspection assuming this to be ANOTHER retrospective application by The Towers, I have to register an objection to the structure Hyde Street, and the buildings that line it (houses, outhouses, The Towers itself), is an historic area of interest, but since the erection of what is an ugly canopy at The Towers that is clearly visible from the road, I feel strongly that the integrity of the area's heritage has been compromised.

I'm unsure of the usage of the canopy, but it's undue prominence is not I feel acceptable in the context of the area and its historical context.

Kind regards
