Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise
Comments:	Dear Sir, Madam, I wish to strongly object to the above proposed application for the main below reasons: - weeks of unacceptable disruption and noise pollution associated with a building site in such a confined space close to existing dwellings - high risk of damaged to nearby dwellings that were underpinned and will unavoidably be affected by demolition and building works and lorries that will cause high levels of vibrations and cause movement and cracks - unacceptable loss of privacy with my house and garden being directly overlooked by the planned new dwellings - unacceptable number of additional dwellings in a limited space that can only lead to

unacceptable level of noise and disturbance once inhabited by tenants (risk of unsociable behaviour which is never dealt with when reported!!).

Kind regards,
