Dear Daniel

I am writing to you today regarding planning application DC/26/0567

Please can you tell me why no notice was visible at the address until now?

My understanding is that the notice should have been visible before consultation to give people time to comment on the application.

I am a neighbour and if it hadn't of been for another neighbour informing us about it, as they had recieved a letter, we would never have known which I feel is very underhanded by the property that has put this planning application in, I feel that they were trying to get the application through without people objecting to it

Look forward to hearing from you about this matter

Yours sincerely
