Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Other
Comments:	I object to this retrospective application. It has been poorly designed and does not comply with SUDS or other regulations and guidance relating to surfacing and surface water drainage. It is causing flooding to our property and causes me high anxiety every time there is heavy rain because of that. I have had to undertake significant works to try to alleviate the flooding on my property at my own expense whilst my neighbours have to date done nothing and will not accept that their driveway is the cause of it.

Kind regards
