Dear Kate

Re. DC/24/0554 - Horsham Leisure Centre

Horsham Denne NC has noted that further documents have been added to the planning portal and would like to know if we will be consulted on any amendments, and if so what are the changes.

HDNC maintains its objection to the signage and vinyl adverts as we consider they are too large, garish and out of character in this area near to the Park and residential roads. HDNC is also concerned that the cumulative effect of illumination of the proposed 5 signs adjacent to each other will cause excessive light pollution.

Regards

Sara Doy
