Comments:	The submitted Transport Statement Issue 3 dated 20th March has errors in it despite the alleged checking. For example: Table 4.2 shows a bus service frequency of 3 per hour Mon-Fri in the Horsham-Guildford direction. This is completely false.

It also shows a Saturday frequency of 2 per hour in both directions. This is also false.

Paragraph 3.6 is nonsense as it supplies details relating to a total of ZERO accidents. This quality of documentation continues in para 3.7.

I strongly suggest that GTA civils&transport now does a proper check on this whole document, remove obvious errors and flawed information, before submitting another version.

Kind regards
