Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other
Comments:	Local school, hospital and other local services are already over subscribed. We require an enhancement in local facilities before we can see developments of this scale. Consideration should be given to seeking local developments to be built in a self sufficient manner where each new large development must provide all services required to service the new residents.

Kind regards
