Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	Since the hotel extension was approved in 2007 they have installed CCTV cameras and floodlights to the rear of the building, which goes against a restriction in the original planning consent. This is an intrusion on the privacy of those living in Gladstone Road and also results in unacceptable light being emitted into gardens and the rear of the houses. A larger extension, with more rooms, will only make this worse.

From an aesthetic point of view the extension looks too high and imposing for the space and wouldn't give a good impression of Horsham when leaving the train station.

Kind regards
