Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	This development although using lower grade agricultural land benefits the landowner and the developer over the environmental impact of this development. This is an active wildlife corridor linking green areas of the surrounding Horsham area. A more suitable plot would be a brown field site or additional housing units into current active plans where transport links are better catered for.

Kind regards
