Comments: I am the owner and occupier of 12 Church Street and it is my wall that the current and proposed new signs are up against. I would like to object in the strongest terms to this plan. Cobblers cottage is a 15th century listed property and my first objection is in relation to the fact that this sign, butting up to the wall and overlooking the property would be very much out of keeping and I will be contacting English Heritage to this end. Secondly it would affect the view from my living room window and

also would presumably throw is light into the living room.
Finally I question the place that any illuminated advertising has in
a Village like Warnham.

Kind regards
