Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

We are looking at removal the internal walls either side of the opening into the kitchen to make the kitchen area space slightly bigger for the client, from plans it doesn't look like the wall is structural - however speaking to heritage England we aren't allowed to make a small hole to check if it's supporting without getting consent first.

We wont be doing any extensions or adding any walls - it's just to create a bigger space for the client and to install a new kitchen that works for them, i have plans of all of these but cannot start looking to do any work without getting consent first.

Once we receive consent i can check if the walls are structural - then if they are we can go down the correct regulation routes, if the wall isn't structural then we can commence works if we get granted permission.
