Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	I am completely against this development. 1. The number of houses cannot be supported by the infrastructure around it. The roads leading to it are roads used to access the school which is going to increase risk to most children who walk to school through the building stage and beyond. 2. The impact on the local school - number of children and the forest school site being accessed via roads and keeping it safe for the children using it. The site is due to be shrunk considerably with trees and habitats planning to be destroyed. It is the only place I've ever seen Yellowhammers. 3. Light and noise pollution from the sports sites. Are these being floodlit at night? 4. The impact on the local wildlife. Canada Geese migrate here but for how long?

I have many concerns but I don't feel that any of these get listened to when there are plans to build houses. Very sad.

Kind regards
