Comments:	Are there any proposals for Medical Centre? Are there any proposals for better Bus routes? More housing will create far more traffic through the village. Every resident has to use a private vehicle to access healthcare as our Bus route is inadequate currently, we have no direct bus route to the nearest GP surgery in Steyning or Storrington. Many residents have to use a vehicle to access Train Stations as our bus route does not serve them or does not run regularly enough to meet train times to London for work.

Kind regards
