Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	The village of Ashington has been overdeveloped and there is no infrastructure in the village to support any further overdevelopment. We wanted to put a tea room in the Parish Yard but this was refused due to concerns re water supply. I don't understand how you can allow 180 houses plus allotments. All use vast amounts of water. We have one small CoOp store and a service station for supplies, how can this support around 600 extra people. There are no medical facilities in the village. Also there could be an additional 360 cars. The countryside will be ruined. How is there access for all the various HGVs that will be going back and forth, clearing out land and then bringing in construction materials, the village cannot support this.

Kind regards
