| Comments:            | <p>I am writing as an adjacent neighbour to express my support for the planning application submitted for an extension over the applicant's existing garage and the creation of an additional parking space which is within their property boundary.</p> <p>I have reviewed the proposals and have no objections to the planned extension. The design is in keeping with the character of the property and similar to surrounding homes. The extension request is consistent with at least two previous planning applications which have been approved on Oak Road. I believe it</p> |

will make a positive improvement to their living space without causing any negative impact on neighbouring properties, privacy, or access. I also support the provision of an additional parking space on their land.

In summary, I consider the proposed development to be sensible, well planned, and appropriate for the location, and I am happy to offer my support for their application.

---

Kind regards
