Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I strongly object to this absolutely brainless plan to build houses on this site. Firstly, traffic at the moorhead roundabout is already heavily congested especially at rush hour. Adding 120 properties in this area will cause traffic to come to a complete standstill in the mornings when existing residents are trying to get to work or get

children to school. In addition, once again there is little or no plan in place for building more doctors surgeries and other amenities which are already struggling.

The most tragic consequence of building these huge developments is the impact on the countryside. The beautiful landscape and wildlife around Horsham is quickly being destroyed and blighted all in the name of making money. The people who run these construction firms that build these houses are never affected by the consequences and do not care for the lives they are impacting.

Ultimately the reasons the original plan was rejected have not changed. I strongly urge the planning application to be rejected.

Kind regards
