Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Other - Overdevelopment - Trees and Landscaping
Comments:	I strongly object to this application to build even more houses in our little village. We already have extra houses being built, with another application already going through for more. The infrastructure in the village is already at breaking point. London road has already turned into a main road from what it used to be. The local shop and kebab house is chaos throughout the day and it's a bun fight getting anywhere near it. Increasing the population of the village is simply not possible. We have no Doctors surgery, and the school is over-subscribed already so how will you deal with that for kids from the

immediate catchment area. The environmental impact of yet another housing application in Ashington, destroying trees and green areas is outrageous. I understand the need to increase housing in the UK, but Ashington has done it's bit already - you are killing the village!

Where did you hear about this application?	Online
