Comments:	This area backs on to my dwelling. We need to have some area of green space between Horsham and Crawley. We do not have the infrastructure to support these 120 houses. [REDACTED] . If building was to happen on this area it should be a hospital. In the summer we had a hose pipe ban, also receiving a letter from Southern water saying there will be a water shortage by 2030. At the weekends it is a nightmare trying to get into Horsham the queues of cars can sometimes Be back to the Harwood road. A car or cars will be needed from this development adding to the problems already on the A264.

Kind regards
