Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	The access to church lane is already bad enough. Let alone having more traffic. The school is going to suffer. their forest school site is under threat and this is a vital part of their school. Green spaces in ashington have declined enough over the last 25 years. Mutton's copse and the bluebell woods are a staple for villagers. Safety of children in the village is a reason I moved back here from Guildford. More traffic, more people and nothing for them to do in the village will surely lead to ASB. Everyone is trying to make a few quid at the jeopardy of people who already live here. It's awful. Bunch of backstabbing money grabbing idiots whos only interest is their bank accounts. What kind of legacy are we leaving for our future generations. We're teaching them to be

'green' and take care of the environment then We're chopping down ancient trees and concreting over fields and disturbing the ecosystem for the sake of a few houses. It's not good and embarrassing to tell the children. "Well built all these naff houses, that you won't be able to afford, to live in a village with nothing to do, then when it floods, you can deal with that because it's your problem now"
Should be ashamed.

Kind regards
