Policy 20: Development Principles

Policy 21: Heritage Assets and Managing Change within the Historic Environment

Policy 45: Replacement Dwellings and House Extensions in the Countryside

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

None.

Parish Comments:

No objection

Representations:

None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of

the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policy 28 of the HDPF relates to house extensions and outbuildings in the countryside, stating that extensions should not be disproportionate to the size of the existing dwelling, and should be in keeping with the scale and character of the existing dwelling. The policy also states that the cumulative impact of existing extensions will be taken into account.

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy W5 of the NP states that development will be supported where they demonstrate high quality design that is in keeping with the scale and existing character of buildings and layout in the area.

It is considered that the extensions would sufficiently reflect the form, scale and detailing of the existing dwelling so as to appear coherent and sympathetic additions. The siting and scale of the extensions would not create a cramped or overbearing relationship with adjoining properties, which are built to an appreciable different building line / scale. The proposals in their entirety would be clearly subservient additions and are considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area, including the setting of neighbouring heritage assets. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Regulatory Condition:** The materials to be used in the development hereby permitted shall strictly accord with those indicated on the approved plans.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 4 **Regulatory Condition:** Access to the flat roof over the extension hereby approved shall be for maintenance or emergency purposes only and the flat roof shall not be used as a roof garden, terrace, patio or similar amenity area.

Reason: In order to protect adjoining properties from overlooking and noise disturbance and to comply with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

Plans list for: DC/25/1836

(The approved plans will form Condition 1 on the Decision Notice of all Permitted applications)
