Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	Firstly, I walk past this building at least 3 times a week and have not seen any posted notice for a development application to this building and do not believe that the local community has been made sufficiently aware of any application. Secondly, the impact on safety cannot be overlooked. The parking of vehicles in Cedar Drive and vicinity is already extremely dangerous and has lead to blind spots for traffic and delays on the bus route. Increasing the building will no doubt again lead to more car traffic and further exasperate the unacceptable level of street

parking. This was a direct consequence of the same building owners reducing their carpark a number of years back.

Kind regards
