Good afternoon,

I would like to put on record that in my opinion the velux windows that have been installed at the property ‘Chewton’ The Street, Slinfold RH13 0RR, are sympathetic to the age of the property, and look well made and unobtrusive . I believe that the criteria for the windows was for them to be flush to the roofline, and for them to metal framed. To my mind the windows that have been installed fulfill that brief. Therefore I believe that the windows that have been installed should remain.

Kind regards,
