Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	In the supporting statement it states that the new facilities will only be used during the daytime. However, they have previously been used late in to the evening with loud music playing. If the permission granted restricts the use of the facilities to daytime use I would have no objection and I can see no reason why any permission should not include such a condition given the supporting statement.

Kind regards
