Dear Jason

Re: Planning Application No: DC/25/1543 – Amended plans/information relating to the construction of primary road, footpaths, cycleways and SUDS scheme with associated works at Land Parcel 519887,133300, Rusper Road, Horsham

Our Ref: LGW5965

Further to your email/letter dated 19th January 2026, regarding the above mentioned amended plans/information.

The amended plans/information have been examined from an aerodrome safeguarding perspective. Now that a Bird Hazard Management Plan has been submitted, I have amended the condition that was requested in our previous response, please see below:

Implementation of Bird Hazard Management Plan

The Bird Hazard Management Plan dated 07 January 2026 shall be implemented as approved upon completion of the SUDS and shall remain in force for the life of the SUDS. No subsequent alterations to the plan are to take place unless first submitted to and approved in writing by the Local Planning Authority.

Reason: It is necessary to manage the SUDS in order to mitigate bird hazard and avoid endangering the safe movements of aircraft and the operation of London Gatwick through the attractiveness of birds.

We will need to object to these proposals unless the above-mentioned condition is applied to any planning permission.

If you have any queries, please do not hesitate to contact me.

It is important that the condition requested in this response is applied to a planning approval. Where a Local Planning Authority proposes to grant permission against the advice of London Gatwick, or not to attach conditions which London Gatwick has advised, it shall notify London Gatwick and the Civil

LONDON GATWICK

Aviation Authority as specified in the Town & Country Planning (Safeguarded Aerodromes, Technical Sites and Military Explosive Storage Areas) Direction 2002.

Yours sincerely

Amanda Purdye, Aerodrome Safeguarding Officer
For and on behalf of London Gatwick
