Subject: DC/24/1476 yurt construction Case officer. Jaques Burrowes

Categories: Comments Received

Dear Sir,
Your letter of 24 th October refers. I have completed an objection comment on the planning website as a neighbour at 24Pavilion close, next door to the proposed Yurt.
Can you advise how this matter will progress. My objection is that this proposed use should be for a business use not use as an extension to a PDH.
Do you as case officer decide this case or is it referred to the planning committee.
I have tried the direct line indicated in the letter to clarify the process but have been unable to leave a message or request a call back.
Regards
