Subject: RE: Planning Application Consultation - DC/25/0370

Dear Kate,

Thank you for consulting us with application reference: DC/25/0370, for the development at: 11-13 Police Station London Road Pulborough West Sussex RH20 1AP.

We have now added the application to the queue for SNOWS access. By consulting us with this application, you are confirming that the application meets the SNOWS access criteria (available here) and is appropriate for a Grampian condition to access SNOWS. If this is not the case, please let us know as soon as possible.

Please note that access to SNOWS cannot be secured until the scheme launches in the next few months. We will send an introductory email to the applicant at the current time. Once the scheme launches, we will contact the applicant directly to discuss access to SNOWS. Once we have confirmed the status of the application's access to SNOWS, we will update you.

If you have any queries about this response, please contact us at SNOWS@horsham.gov.uk.

Kind regards,

Clare Devine

Subject: RE: Planning Application Consultation - DC/25/0370

Hi Claire

Please find the figures attached. The total is 688.6 litres per day. This is due on Moday so hopefully you will be able to confirm that they can access snows (as much as you can). This is in the BUAB and policy compliant.

Many Thanks,

Kate Turner

Hi Kate,

Thank you for consulting us on application DC/25/0370 for 11-13 Police Station London Road Pulborough West Sussex RH20 1AP.

In order for us to process this application into our registers and prioritise for SNOWS access, the applicant will need to provide details about how much offsetting is required. Please can you follow up with them and let us know when this information has been provided.

Many thanks,

Clare Devine
